## 1. Aims

This remote learning policy for staff aims to:

- › Ensure consistency in the approach to remote learning for pupils who are not in school
- › Set out expectations for all members of the school community with regards to remote learning
- › Provide appropriate guidelines for data protection

## Teachers

When providing remote learning, teachers must be available between 9am – 3:30pm.

If they're unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure.

When providing remote learning, teachers are responsible for:

- › Setting work
- › Providing feedback on work
- › Keeping in touch with pupils who aren't in school and their parents
- › Attending virtual meetings with staff, parents and pupils

## Senior leaders

Senior leaders are responsible for:

- › Co-ordinating the remote learning approach across the school.
- › Monitoring the effectiveness of remote learning.
- › Monitoring the security of remote learning systems

## Pupils and parents

Staff can expect pupils learning remotely to:

- › Be contactable during the school day
- › Complete work to the deadline set by teachers
- › Seek help if they need it, from teachers
- › Alert teachers if they're not able to complete work

Staff can expect parents with children learning remotely to:

- › Make the school aware if their child is sick or otherwise can't complete work
- › Seek help from the school if they need it – if you know of any resources staff should point parents towards if they're struggling
- › Be respectful when making any complaints or concerns known to staff

## 2 Who to contact

If staff have any questions or concerns about remote learning, they should contact the following individuals:

- › Issues in setting work – Jayne Whitehouse
- › Issues with behaviour – Grant Hadley
- › Issues with IT – Jodie Williams/Mint

- › Issues with their own workload or wellbeing – Cheryl Dudey/ Jayne Whitehouse
- › Concerns about data protection – Jodie Williams/ Grazia Steventon
- › Concerns about safeguarding – Cheryl Dudey/ Ami Lynch

## 3 Data protection

### Accessing personal data

When accessing personal data for remote learning purposes, all staff members will:

- › Use work laptops/tablets rather than their own personal devices

### Processing personal data

Staff members may need to collect and/or share personal data such as addresses or contact numbers as part of the remote learning system. As long as this processing is necessary for the school's official functions, individuals won't need to give permission for this to happen.

However, staff are reminded to collect and/or share as little personal data as possible online.

### Keeping devices secure

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- › Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol)
- › Ensuring the hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device
- › Making sure the device locks if left inactive for a period of time
- › Not sharing the device among family or friends
- › Installing antivirus and anti-spyware software
- › Keeping operating systems up to date – always install the latest updates
